Contributions of Scientific and Original Articles

These may or may not be in harmony with the views of the editorial staff. It is aimed to permit authors to have as wide latitude as the general policy of the Journal and the demands on its space may permit. The right to reduce, revise or reject any manuscript is always reserved.

Arch Int Med 44:554, Dec 1942. They should be listed in the order in which they are cited in the text and numbered in sequence.

Reprints — Reprints must be paid for by the author at established standard rates.
